

Celebrating Road Safety Heroes

Design a poster about what our road workers do and how you can help to keep them safe on the roads in your area.

What do our road workers do?

- They repair the roads to make them safer for you
- They clear litter to make your environment cleaner
- They cut back trees and bushes so that you can see the roads better

Sometimes...

- Vehicles can drive into our cones and barriers and may hurt us
- People throw things at us
- People call us names

Winning posters will get £25 and your school will receive £75 to spend on books and resources

Working on your roads in Suffolk can be dangerous, so please help us to make sure we all go home safely every night
