

Do you love Jazz and Big Band music?

Would you love to play a wide range of big band charts from the modern to the classics?!

Are you Grade 5 or above on your instrument?!

If you answered yes to all of the above then read on....

We have an exciting opportunity for all pianists, guitar & bass guitarists, drummers & percussionists, trumpet/cornet players, trombonists, and saxophone players.

Suffolk Youth Jazz Orchestra will be launching very soon with an amazing programme.

Whilst making music with others, members will develop an awareness and understanding of the jazz idiom; improve their jazz theory; understand chord symbols and learn how to use them to improvise; perform with musicians of a similar ability and develop their own individual style and sound.

More details will be available very soon but if you would like to find out more then please register your interest [here](#) so we can send this to you directly.
