

Varied Fluency

Step 4: Select Money

National Curriculum Objectives:

Mathematics Year 2: (2M3a) [Recognise and use symbols for pounds \(£\) and pence \(p\); combine amounts to make a particular value](#)

Mathematics Year 2: (2M3b) [Find different combinations of coins that equal the same amount of money](#)

Mathematics Year 2: (2M9) [Solve simple problems in a practical context involving addition and subtraction of money of the same unit, including giving change](#)

Differentiation:

Developing Questions to support selecting correct amounts of money. Coins only or notes only, using up to 3 different values of coins.

Expected Questions to support selecting correct amounts of money. Coins and notes only, using up to 6 different values of coins and notes.

Greater Depth Questions to support selecting correct amounts of money. Coins and notes, using up to 6 different values of coins and notes. Using a mixture of images, words and numbers.
