Fleet

Aircraft Carrier: 4 consecutive coordinates

Battleship: 3 consecutive coordinates

2 x Submarine: 3 consecutive coordinates

Minesweeper: 2 consecutive coordinates

The Rules

1. Mark your ships on the lines according to your fleet. (No diagonals!)
2. With your partner, take turns naming a co-ordinate to find your enemy's ships.
3. Mark your hits (X) and misses (O) of your enemy's ships.
4. If you miss, your partner goes. If you hit your enemy's ship, you get another turn.
5. The winner is the first to sink all their enemy's ships.
